

ALASKA!

2016 EXPEDITION

DATES: Saturday, July 9- Tuesday, July 19, 2016
Limited to 8 Guests

Enjoy our small group wildlife tour of Alaska for an up close and personal experience with wildlife biologists as your guides. Travel to Anchorage, then take a seaplane to the private and exclusive Redoubt Bay Bear Viewing Lodge on the Katmai peninsula. Then we will journey on to Seward, Kenai Fjords, Kenai Peninsula, Whittier to Valdez via the Alaska Marine Highway, Chugach National Forest, and the impressive Columbia Glacier with much in-

between and beyond. Explore glaciers, wildlife, salmon runs, bear, puffins, whales, seals, Stellar sea lions, swan, loons, moose, Dall sheep, bald eagles, and more.

This could be your once in a lifetime trip to Alaska, where you will explore special points of interest that our guide has specifically designed to encompass so much of what Alaska has to offer. Viewing wildlife is always our number one priority, so bring your camera.

This creative and custom tailored Alaskan Adventure is designed to give you the most for your time and investment, guided by an experienced wildlife biologist, photographer and Alaskan traveler.
